Sir/Madam:

Upon reviewing the above-identified patent, Patentee noted a typographical error which should be corrected.

In the Claims:

At Column 63, Claim 13, line 20, after "comprising," insert -- the amino acid sequence of amino acid residues 1 to 168 of SEQ ID NO 2, --.

This error is not due to an error by the Patentee; accordingly no fee is required. In particular, the Notice of Allowance of August 7, 2008 indicated that the Patentee's amendment of April 18, 2008 that correctly amended claim 13 was entered. The Patent Office then omitted a portion of claim 13 when issuing the above-identified patent. However, if a fee is due, please charge our Deposit Account No. 08-3425.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

Dated: April 20, 2009

Respectfully submitted,

By Derek B. Scott
